The Italian-American Women's Club of Madison, WI was founded in 1934. Its primary mission is to preserve, promote, and protect our Italian-American heritage, values, and traditions. We take great pride in providing scholarships to graduating high school seniors. We are committed to serving the local community in many ways in addition to scholarships. We work with the Italian Workmen's Club to create a strong community that supports members. In these efforts, member participation is vital throughout the year for us to be successful.

You do not have to be Italian-American to join – just love Italian-American Culture!
